The following is a summary of correspondence on file at the American Embassy, Mexico City, relating to this matter:

A. A letter, dated September 20, 1972, signed LUIS J. CREEL LUJAN, on the letterhead of CREEL Abogados (Attorneys), Reforma 156, Mexico City, to OSBORN ELLIOTT, Editor, Newsweek Magazine, New York, New York. This letter makes reference to an article on page 44 of "Newsweek" for September 18, 1972, relating to the "Watergate Affair". In the article reference is made to the law firm of Creel and Ogarrio and to "a Mexican firm owned in part by ALLEN and OGARRIO's law partner". In connection with this reference, the letter states:

1. He and Mr. MANUEL OGARRIO DAGUERRE formerly had their office jointly in the same building as the Banco Internacional head office, under the firm name CREEL Y OGARRIO. Nevertheless, he states that they decided to establish separate law offices and since March 1, 1972, he has been a member of the law firm CREEL Abogados, in the same suite of offices. Mr. OGARRIO and his son continued working in those offices until about March 27, 1972 because their new offices were not ready. REFERENCE - L. MEXICO CITY, MEXICO

2. Except for one company in which Mr. ROBERT H. ALLEN and he each hold one share, out of a total of 136,500 shares, to the best of his knowledge neither he nor ALLEN has any ownership rights in the same firm. REFERENCE - L. MEXICO CITY, MEXICO

He indicated he would appreciate publication of his letter.

B. On October 17, 1972, Mr. CREEL directed another letter to "Newsweek" expressing his surprise that his request for publication of the previous letter had apparently not been complied with.

C. On the same date, October 17, 1972, Mr. CREEL directed a letter to Ambassador ROBERT MC BRIDE, American Embassy, Mexico City, making reference to incorrect statements in "Newsweek" and his correspondence with "Newsweek".

He concludes:

"Since the Newsweek publication and my letters referred to the 'Watergate Affair', which I understand is being investigated by the competent authorities of your country, and in view of the fact that the Newsweek implies that my old firm 'Creel y Ogarrio' and I were involved in this matter, which is not true, I am taking the liberty of calling this matter to your attention.

"May I add that I know nothing whatsoever about the matter under discussion, but feel that the facts as to my professional relationship with Mr. MANUEL OGARRIO DAGUERRE and Mr. R. A. ALLEN as given in the report referred to, should be known by your Government as well as by the public."

D. By letter, dated October 31, 1972, Mr. H. FREEMAN MATTHEWS, Counselor of Embassy for Political Affairs, acknowledged Mr. CREEL's letter and pointed out that neither the U. S. Embassy nor the U. S. Government has control over what is published in the press. He assured Mr. CREEL that the information in his letter was provided to the interested agencies of the United States Government.

Mr. Gray:

I have discussed this project with Mr. Bates. He informs me that this would involve a list of over 2,000 individuals. He and his people estimate that it would require two men working full time for two weeks to call the names and dates of the interviewees from the daily reports. Of course, this can be done. However, I recommend that the list be limited to those individuals who have figured in some substantial way in the investigation.

Honorable L. Patrick Gray III

 Washington, D.C.

Dear Mr. Gray:

James Walter McCord

This will confirm the telephone request made yesterday by the Chief Counsel of the Senate Subcommittee on Administrative Practice and Procedure for the assistance of your Bureau in locating Donald W. Segretti, also known as Donald Simmons, last known address 14013 Captain's Row, Apartment 117, Marina Del Rey, California. As indicated yesterday to the Acting Associate Director, information relating to Mr. Segretti's current whereabouts is essential in connection with a current Subcommittee inquiry.

Of course if Mr. Segretti's location is presently known to any of your Bureau's personnel or any other federal personnel, it would be sufficient if you would provide such information without any additional Bureau efforts. However, in the event his whereabouts are now unknown to the Bureau, I would appreciate your initiating such efforts immediately and providing periodic reports on your progress.

With thanks and best regards.

GENERAL INVESTIGATIVE DIVISION

Attached Washington Field Office (WFO) airtel encloses the sworn affidavit of SA Angelo J. Lano in which he categorically denies that he furnished information to "The Washington Post" reporters Carl Bernstein and Bob Woodward who wrote the 10/25/72 article stating that H. R. Haldeman, Assistant to the President, was one of the individuals authorized to approve payments from a secret campaign fund.

This affidavit substantially parallels the information set forth in our letter of 10/26/72 to the Attorney General relative to this situation.

It is noted the WFO airtel advises of comments by Assistant U. S. Attorney Earl Silbert to the effect that he personally desired to express his appreciation for SA Lano's professionalism, dedication and loyalty in the investigation of the McCord case and, further, that SA Lano could not possibly have known the information which Bernstein intended to attribute to him.

SA ANGELO J. LANO and Supervisor JOHN A. RUHL informed me this morning that SA LANO had been in telephonic contact with CARL BERNSTEIN, a Washington Post reporter, on two occasions on Monday evening, 10/23/72, as related in the enclosure. SA LANO advises that BERNSTEIN suggested that the name HALDEMAN appears on a list of names of individuals who had access to a confidential fund belonging to the Committee for the Re-election of the President. As stated in the enclosure, SA LANO engaged in a conversation in exchange with BERNSTEIN in the hope of gleaning some hint of his source of information, since it has been apparent that he has access to certain phases of the results of the Bureau's investigation in captioned matter.

When SA LANO encountered BERNSTEIN and his fellow reporter ROBERT WOODWARD, in the U. S. District Courthouse late Wednesday afternoon, 10/25/72, BERNSTEIN told SA LANO that "our asses are in a bind" as a result of the story they had written in The Washington Post wherein HALDEMAN was named as a person whose name appeared on the list in question. BERNSTEIN said that they intended to take the position that SA LANO had furnished the name HALDEMAN to them. At this point, SA LANO tells me he vocally erupted and stated in the strongest terms possible that they better not start spreading any lies about him, to which they responded, to the effect,

"Wait a minute. Calm down. Maybe we can straighten this out." In my analysis, I would interpret this as an offer, poorly concealed, to SA LANO to refrain from attributing the story to him, in exchange for his accommodating them by way of furnishing information.

SA LANO tells me that immediately thereafter he entered the office of AUSA EARL SILBERT, who is in charge of the grand jury investigation in this matter, and related the foregoing events to him. AUSA SILBERT appeared shocked that BERNSTEIN and WOODWARD would attempt such a crude stratagem.

This afternoon I attempted to telephonically contact Principal Assistant AUSA EARL SILBERT but he was unavailable. In his absence, I spoke to his chief assistant, AUSA DONALD E. CAMPBELL, who related to me that he witnessed BERNSTEIN's and WOODWARD's statements to LANO to the effect that information concerning HALDEMAN would be attributed to LANO in a news story and BERNSTEIN's related comment to the effect that "they", meaning LANO and CAMPBELL, could save themselves a lot of headaches by furnishing the information that they needed. CAMPBELL stated that in discussions with SILBERT there was absolutely no doubt in their minds that the statement by BERNSTEIN, as acquiesced in by WOODWARD, constituted an ill-concealed attempt at intimidation of both SA LANO and them, however not in such precise terms as to be prosecutable.

I do not feel that this matter should be dignified by further inquiry. I have instructed both SA LANO and Supervisor RUHL to refuse any further phone calls from any representative of news media concerning captioned matter.

Enclosed is an affidavit which SA LANO desires to submit concerning the chronology of events so that there can be no question as to the firmness of his position. Under separate cover, a copy of this affidavit will be furnished to Principal Assistant AUSA EARL SILBERT.

WFO 139-166

ADDENDUM

Later this afternoon, Principal Assistant AUSA EARL SILBERT telephonically contacted me to state that even though I had left word that it was not necessary for him to return my call (since AUSA CAMPBELL had been able to brief me completely), he wanted to personally endorse the comments made by Mr. CAMPBELL and to further underscore them by reference to the fact that SA LANO could not possibly have known the information which BERNSTEIN intended to attribute to him. Mr. SILBERT stated that he does not have sufficient superlatives to express his appreciation for SA LANO's professionalism, dedication and loyalty in the investigation of captioned matter.

ENCLOSURE

October 26, 1972

I, Angelo J. Lano, being duly sworn, hereby make the following statement concerning a telephone conversation between Carl Bernstein and myself on October 23, 1972:

I have been a Special Agent of the Federal Bureau of Investigation (FBI) for six years and I am currently assigned to C-2 Squad, Washington Field Office, which is supervised by Special Agent John A. Ruhl. Part of my duties is the investigation known as "James Walter Mc Cord, Jr., Et Al; Burglary, Democratic National Committee Headquarters, Washington, D.C., June 17, 1972".

At approximately 10:30 p.m., October 23, 1972, I received a telephone call from the Washington Field Office Night Supervisor, who informed me that a man named "Carl" desired to urgently speak to me. He left a number 223-7220. Since I had previously been authorized to contact Bernstein for the purpose of ascertaining his source of information, I decided to return his call. I dialed the number and Carl Bernstein answered the phone. I recognized his voice and asked him what he wanted? He replied he was in a bind over a story he was trying to finish concerning Hugh Sloan and a name Sloan furnished to Earl Silbert (Assistant U.S. Attorney (AUSA) prosecuting this case for the Government).

I told Bernstein I was not going to comment one way or

another about his story.

He replied that he has always maintained that the FBI has done a fantastic job in the investigation. I told him he was right, that much I would confirm.

He continued by stating that his story about Sloan centered around an interview Sloan had with Silbert at which neither I nor other Agents were present and that the interview had to do with a list of five names of persons who had access to the fund. Bernstein said that Sloan told Silbert that one of the five men in addition to Mitchell, Kalmbach, Liddy and Magruder was Haldeman of the White House.

I asked Bernstein how he knew what Sloan said or didn't say.

He replied that all he wanted to know was why didn't Sloan tell the FBI? Why didn't the FBI interview Sloan?

I replied that I was not going to tell him who the FBI interviewed. I also told him I greatly resented his attempts to obtain information to which he was not entitled from official sources. I told Bernstein that he ought to go out and conduct his own investigation. I referred to the fact that a man named Simons of the "Washington Post" had been interviewed on National T.V. last week, and claimed that his Paper was doing a great job in reporting facts and that after the trial the stories would

continue. I told Bernstein that I felt like calling up Simons and telling him a few things about improperly obtaining FBI or Justice Department material. Bernstein tried to interrupt me, but I continued by telling him that once the case was over, we were going to find out who was leaking that information to him, one way or another.

Returning to his prior reference to Sloan, he said all he wanted to know was, had I interviewed Sloan and, if so, why didn't he mention Haldeman to me?

I replied that I would not comment on that statement.

He then said, all you have to do is listen and your silence will tell me that I am right. I told him no, I have a wife and four children to think of, and I am not permitted to disclose any information. He replied "Yeah, and some people have cats and dogs".

I again reminded him of Judge John J. Sirica's order about persons connected with case making or issuing any statements. I told him that my no comment to him meant what I said and that he should draw no conclusions from my refusal to comment.

Again he said that all I had to do is listen, just remain silent and he'd know his story was accurate. I told him to go ahead (since I wanted to know what he was proposing to write) but I again told him to clearly understand that my refusal

to comment could not be considered as confirmation.

He said his story was that Sloan got called into the Grand Jury by Silbert; that the FBI was not present.

I asked him how he knew what Sloan did or said before the Grand Jury since not even the FBI is allowed to learn what occurred in there?

He said what he meant was that Sloan went into Silbert's Office, where Sloan talked about his job, and Sloan told Silbert about the list and names on it. According to Bernstein, Sloan not only furnished the other names, but added the name "Haldeman". Bernstein repeated the FBI wasn't present. Bernstein stated that Silbert later went into the Grand Jury and the FBI wasn't told the nature of his testimony; that Silbert didn't even tell me (Here Bernstein was asking me to confirm a series of events that he stated I was not aware of).

At this point I asked Bernstein if Haldeman was John Haldeman and he said he wasn't talking about "Ehrlichman" (My purpose in asking this question was that Haldeman was not familiar to me but John Ehrlichman was since we had interviewed him in this case).

I then asked Bernstein how he could know what Silbert told me? For that matter, how did he know what Sloan is supposed to have said before the Grand Jury about Haldeman?

(

I told Bernstein that if he wanted more information or anything else he should call (Acting Director) Mr. L. Patrick Gray's Office in the morning; or he could call Mr. Thomas Bishop's Office because I wasn't about to make any comment on his story.

He replied by stating, "Well don't you think I've already tried".

I then ended the call by telling Bernstein that as long as "you guys" steal information, you better make sure you get it right, because as I said previously, we're going to find out who your source is.

After the call, I immediately called AUSA Earl Silbert's Chief Assistant.

I told Mr. Campbell the substance of the call and that my impression of Bernstein's telephone call was that he may have been reading from a memo possibly prepared by Earl Silbert. Mr. Campbell said he didn't think Silbert dictated any memo on the debriefing of Sloan and that the Haldeman name never came up in the office or before the Grand Jury. Mr. Campbell suggested that I inform Mr. Silbert in the morning of the call.

After hanging up the telephone, it rang again. This was at about 11:00 p.m. The Washington Field Office Night Supervisor advised that "Carl" called again, and said something urgent just came up and needed only thirty seconds of my time.

I again returned his call.

Bernstein answered and said he just received a CBS news wire which stated that Mr. Gray, FBI Acting Director, had suggested to the President that their investigation at the White House be reopened since people connected with White House were linked to the Watergate Case.

I told Bernstein I didn't know what he (Bernstein) was saying but as Mr. Gray has previously stated the FBI investigation is continuing and has not stopped and there will be no comment made.

Bernstein then said he understood that. Then he said, "That name you mentioned before, I was talking about Haldeman". I said, "Yeah Haldeman, and I added that I didn't mention any name, and that he had raised the name Haldeman. He stated he didn't mean John Ehrlichman, "I meant Robert Haldeman". I again told him I didn't say anything about a Robert or Richard Haldeman, like I said, I don't know first names.

At this point I told him his thirty seconds was up and hung up the telephone.

On Wednesday afternoon while I was preparing to discuss the case with AUSA Earl Silbert in U.S. District Court, I was stopped by "Washington Post" reporters Bernstein and Robert Woodward. They told me they were in trouble over the story they wrote.

I asked them what story they were talking about. They said today's article on Haldeman, "We wrote it based on your

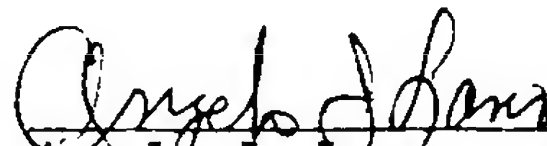

statement". I said "your're both crazy, that I never gave them a statement. As a matter of fact, all I gave you was a no comment.

It was at this time that Bernstein produced a sheet of typewritten paper containing what appeared to be part of his conversation with me of October 23, 1972. I recall one paragraph dealt with Bernstein's remarks about Sloan mentioning Haldeman's name in Silbert's office, followed by my comment of "Yeah, Haldeman".

I wish to stress that those two conversations with Bernstein were the only contacts I had with him on October 23, 1972, and I have had none since except for my brief hallway contact with him in the courthouse on October 25, 1972.

I desire to stress that I engaged in conversational exchange with Bernstein only in the hope of developing some hint as to who his source of information was.

I have furnished no information concerning this or any other investigation to unauthorized persons and I am willing to subject myself to a polygraph examination to confirm this fact.

Washington Field Office today advised that Assistant U. S. Attorney Earl Silbert desires that we hold in abeyance any further efforts to locate and serve a subpoena on Donald H. Segretti. AUSA Silbert advised he does not believe Segretti is trying to avoid service of the subpoena but rather is in hiding at the present time in view of the extensive pressure being placed on him by the news media in their attempts to interview Segretti.

AUSA Silbert advised that in view of the change in trial date from 11/15/72 to 1/8/73, there is no urgency in locating Segretti at this time. According to AUSA Silbert he will issue a new subpoena at sometime in the future for Segretti in sufficient time to permit a pretrial conference with him, which he does not anticipate will be until sometime after 11/7/72.

Our Los Angeles office has been instructed to discontinue efforts to locate Segretti at this time; however, Los Angeles will continue to maintain contact with Carol Holmes, Manager, Virginia Brady Answering Service (which is utilized by Segretti) for any information of interest as to individuals attempting to contact Segretti, or other information of possible value to captioned matter. Los Angeles is also maintaining loose liaison with Segretti's father, who has expressed a cooperative attitude with respect to the FBI, for possible future assistance at such time as AUSA Silbert desires Segretti be located.

GENERAL INVESTIGATIVE DIVISION

The attached reports the filing on 10/26/72, in U. S. District Court, Miami, Florida, of a \$2,000,000 civil suit by the attorney for Bernard L. Barker and Virgilio Gonzalez, Eugenio Martinez and Frank Sturgis (Fiorini), defendants in the Watergate case, charging they are victims of a conspiracy to obstruct justice and to deny them equal protection of the law. The defendants in the civil suit are: Richard E. Gerstein, Dade County State's Attorney; Martin Dardis, his chief investigator; Harold H. Titus, Jr., U. S. Attorney, Washington, D. C.; and his assistant, who is handling the Watergate case, Earl J. Silbert. The suit charges Gerstein initiated investigation, manipulated the communications media, and released details accusing Barker of being guilty of Federal charges to assist Gerstein in his renomination and reelection campaign.

No date has been set for the civil suit; however, the criminal trial of Barker on state charges involving alleged fraudulent use of his notary public license in Dade County is set for 11/1/72.

Miami office called to advise that Bernard L. Barker, a subject in captioned matter, had been found guilty today of misuse of a notary seal in connection with his cashing of a \$25,000 cashier's check drawn by Kenneth Dahlberg. Barker was given a sixty-day sentence which was suspended and he was placed on one year's probation and was to surrender his notary seal.

Two Bureau Agents testified as to the acquisition of the \$25,000 Dahlberg cashier's check and its chain of evidence in connection with its transmission to Washington, D. C., for use before the Federal grand jury in captioned matter. No problems were encountered with the Agents' testimony.

Miami office advised that there was extensive coverage by the news media of this trial and it was the first such conviction that anyone can recall in the State of Florida.

AUSA MARSHA LYONS requested a prosecutive summary
report be prepared by Miami as the office of prosecution.
This request was made because of the complicated and
expansive nature of this investigation. This summary
is presently being prepared by the Miami Division.

AUSA LYONS stated that she contemplated proceeding
by use of an investigative grand jury in order to
establish under oath what witness testimony would actually
be, and in view of the fact some of this testimony was over
four years old.

AUSA LYONS pointed out that in view of the fact FRANK FIORINI is one of the principal defendants in the Watergate affair (JAMES WALTER MC CORD, JR., ET AL; BURGLARY DEMOCRATIC NATIONAL HEADQUARTERS, WASHINGTON, D.C., 6/17/72, I.C. OO: WASHINGTON FIELD OFFICE; Bufile 139-4089) and the possibility that his name in ITSMV activities in 1968 could be mentioned at grand jury or trial proceedings, a determination would have to be made as to whether FIORINI should be prosecuted, named as a conspirator, but not as a defendant, treated as a witness, or simply ignored. Dear Mr. President:

I enclose an article--taken from the liberal Washington Post but included in the Columbia State--that disturbs me. I am SURE that the files of the FBI and the Justice Department are not open to reporters of this or any other paper. How, then, did information contained in those files get into the paper?

If the public's confidence in the FBI is to be maintained, things like this cannot be allowed to begin. Something should be done to determine how this information got into the hands of the Post and who was responsible for it. And, Mr. President, if anybody in your administration or in the staff at the White House was involved in this stupid act, why don't you fire them? If for no other reason than to help to bring an end to this whole asinine affair?

FBI Sources: Watergate May Be Tip Of Iceberg

By CARL BERNSTEIN
and
BOB WOODWARD
The Washington Post

WASHINGTON — FBI agents have established that the Watergate bugging incident stemmed from a massive campaign of political spying and sabotage conducted on behalf of President Nixon's re-election and directed by officials of the White House and the Committee for

the Re-Election of the President.

The activities, according to information in FBI and Department of Justice files, were aimed at all the major Democratic presidential contenders and — since 1971 — represented a basic strategy of the Nixon re-election effort.

Law enforcement sources said that probably the best example of the sabotage was the fabrication — by a White House aide — of a letter-to-

the-editor alleging that Sen. Edmund S. Muskie, D-Maine, condoned a racial slur on Americans of French-American descent as "Canucks."

The letter was published in the Manchester Union leader Sept. 24, less than two weeks before the New Hampshire primary. It in part triggered Muskie's "crying speech" before the newspaper's office.

Ken W. Clawson, deputy director of White House communications, told Washington Post staff writer Marilyn

Berber on Sept. 25 that "I wrote the letter."

Interviewed again Monday, Clawson denied that he had claimed authorship of the "Canuck" letter, saying the reporter must have "misunderstood" him. "I know nothing about it," Clawson said.

William Loeb, publisher of the Manchester paper, said Monday that although the person who signed the letter — a Paul Morrison of Deerfield Beach, Fla. — has never been located, "I am convinced that it is authentic."

Immediately following his "crying speech," Muskie's standing in the New Hampshire primary polls began to slip, and he finished with only 48 per cent of the Democratic primary vote — far short of his expectations.

The Nixon forces, using funds from GOP campaign contributions, attempted to discredit individual Democratic presidential candidates and disrupt their campaigns, according to federal investigators.

"Intelligence work" is normal during a campaign and is said to be carried out by both political parties. But the investigators said what they uncovered goes far beyond what is normal, and is unprecedented in its extent and intensity.

They said it included following members of Democratic candidates' families; forging letters and distributing them under the candidates' letterheads; leaking false and manufactured items to the press; throwing campaign schedules into disarray; seizing confidential campaign files; and investigating the lives of

Attached for approval is a letter to the Attorney General enclosing a proposed reply by him to Senator Edward M. Kennedy (D-Massachusetts), whose letter of 10-27-72, referred to the Senator's previous request for FBI assistance in locating Donald H. Segretti. The reply to the Senator indicates we are not presently looking for Segretti since the trial in captioned matter has been postponed until 1-8-73.

On 10-24-72, Mr. James Flug, Chief Counsel for Senator Kennedy's Subcommittee on Administrative Practice and Procedure, delivered to FBIHQ a letter addressed to the Acting Director, signed by Senator Kennedy requesting assistance in locating Segretti. By letter dated 10-25-72, with the approval of the Attorney General, we wrote the Senator to advise that no action would be taken by the FBI concerning his request and pointed out to him that the long-standing instructions of the Department indicate that requests for assistance from the legislative branch should be submitted by a chairman of a full committee to the Attorney General. In the Senator's latest letter dated 10-27-72, he states that he understands the FBI has been looking for Segretti and requests that when he is located, the Senator be advised of his location.

On 10-20-72, Assistant U. S. Attorney (AUSA) Silbert requested the FBI to serve subpoenas on a number of potential witnesses expected to testify at the trial of this case which at that time was scheduled to begin on 11-15-72. One of those individuals was Segretti. Contact by our Los Angeles Office with Segretti's answering service and with Segretti's father did not result in his location. On 10-30-72, Mr. Silbert advised that in view of the postponement of the trial to

He said a new subpoena for Segretti would be issued some time in the future in sufficient time to permit a pre-trial conference with Segretti. While we are not conducting active investigation to locate Segretti, Los Angeles is maintaining loose liaison with Segretti's father and with Segretti's answering service for possible future assistance in locating Segretti when AUSA Silbert desires that he be located.

Dear Senator Kennedy:

This is to acknowledge receipt of your letter dated October 27, 1972, requesting that you be notified as soon as the whereabouts of Donald H. Segretti is determined.

Assistant United States Attorney Earl J. Silbert, Washington, D.C., on October 20, 1972, in connection with the then scheduled November 15, 1972, trial of the individuals indicted relative to the burglary of the Democratic National Committee Headquarters, requested the FBI to locate and serve a subpoena on Donald H. Segretti.

On October 30, 1972, subsequent to the trial date being changed to January 8, 1973, Assistant United States Attorney Silbert advised the FBI to discontinue its efforts to locate Donald H. Segretti. Accordingly, the FBI is not now actively seeking to determine the whereabouts of Mr. Segretti.

Sincerely,

Richard G. Kleindienst

Date **October 13, 1972**

Captain ~~TOM~~ WALLACE, Military Judge, United States Army, Fort Ord, California, Army Serial Number 427-868-142 stated that approximately one year ago he was approached by Mr. DONALD SEGRETTI, who at the time was a Judge Adjutant Officer at Fort Ord, California, asking if he, WALLACE, would be interested in working and infiltrating the WALLACE Campaign in either Mississippi or Alabama. Mr. SEGRETTI wanted Captain WALLACE to furnish information to him concerning WALLACE's Campaign plans. He stated that he advised SEGRETTI that he was not interested in doing this type of work. He was asked by SEGRETTI if he could furnish the names of any individuals who may be interested in doing this for he, SEGRETTI. WALLACE was unable to furnish any names.

Captain WALLACE advised that SEGRETTI made this offer at a period of time when he, SEGRETTI, was being discharged from the military service at Fort Ord and was enroute to Los Angeles, California, where he had gained employment with a law firm which WALLACE thought was involved with the Committee to Re-elect President NIXON.

Captain WALLACE stated that at the time the offer was made to him by SEGRETTI, he thought it was funny and did not remember it until approximately the first of October when he received a telephone call from an individual, first name unknown, ROBERTS, who identified himself as a reporter for the "New York Times". He indicated that ROBERTS wanted an interview to obtain background information on SEGRETTI, indicating to he, WALLACE, that he had information that WALLACE had been involved with SEGRETTI. WALLACE stated he has never been involved with SEGRETTI and refused to give an interview. He indicated that he would continue to refuse to give any interviews to the press.

ROBERT C. OLDE, Committee to Re-Elect President NIXON, 1701 Pennsylvania Avenue, N.W., was interviewed in the presence of Attorney JOHN BRENNER.

OLDE advised that he arrived at the Committee Headquarters at approximately 8:30 a.m. or 9:00 a.m., June 17, 1972, to attend a convention staff meeting. He advised that the meeting lasted until 2:30 p.m. that afternoon. It was shortly after this meeting that he learned from a security guard, of the break-in at the Democratic National Committee Headquarters. He stated it was even later in the afternoon when he learned that JAMES WALTER MC CORD, Jr. of the Committee to Re-Elect the President was arrested in the case.

He stated he remained at the Committee until 7:30 p.m. when he left with his wife to go to dinner and a movie. He returned to the Committee around midnight and remained until around 3:00 a.m., Sunday morning. He did return to the Office on Sunday for a short time and then left.

He stated that at no time did he enter MC CORD's Office to remove any files or memorandum. He denied going into MC CORD's Office until he was served with a subpoena from the Federal Grand Jury. He denied knowing of anyone, or giving anyone, including ROBERT HOUSTON orders to remove files or memorandum from MC CORD's Office. He stated that he felt the questions were unfair since they related to stories recently reported in the local newspapers. He stated that those stories were unfounded since the only files he removed were files requested by the Federal Grand Jury.

He stated that he never destroyed any documents furnished to him by MC CORD. He stated that the only person he saw destroying any type of files was GEORGE GORDON LIDDY, who was using the office shredder, the afternoon of June 17, 1972.

HOLMANS voluntarily consented to be interviewed without the presence of an attorney.

HOLMANS advised that she has been contacted by at least three different individuals who represented themselves as reporters of various papers, the names of which she could not recall.

HOLMANS went on to advise that on October 18, 1972, an individual, (First Name Unknown) GORTON, who identified himself as a reporter for the "New York Times," entered the answering service building and stated to HOLMANS, "Give me SEGRETTI's messages." At this time, GORTON displayed to HOLMANS a yellow and red laminated, three by five inch, plastic card, which he stated was his press credentials from the "New York Times". HOLMANS stated that she could not give SEGRETTI's messages to GORTON because it would violate the Federal Communications Commission (FCC) regulations. At this point, GORTON allegedly stated that the "New York Times" works closely with the FBI and owing to that fact, HOLMANS should make available SEGRETTI's answering service messages. Again, HOLMANS refused to comply with GORTON's request. At this point, GORTON advised her if she changes her mind, he can be reached at telephone number 213-624-2349.

HOLMANS advised that she had no further contact with GORTON since that time.

HOLMANS voluntarily consented to be interviewed without the presence of an attorney.

HOLMANS advised that on October 18, 1972, she had been contacted telephonically by a man who identified himself as the Chief Counsel for the State Department, (First Name Unknown) FLUG. FLUG advised HOLMANS that he wished to have all the messages that were in the answering service records for DONALD HENRY SEGRETTE. HOLMANS advised that she declined to give FLUG the information over the phone, at which point FLUG became extremely obnoxious and insulting. FLUG allegedly advised HOLMANS that he is a "very busy person and that this matter was of extreme importance to him and his department."

HOLMANS again advised that she declined to furnish any information to FLUG over the phone, at which point FLUG advised her that there would be a subpoena served on her in the morning of October 19, 1972, for the answering service records of DONALD HENRY SEGRETTE. With that statement, the above telephonic conversation was terminated.

HOLMANS went on to state that there have been a number of what she believes are reporters attempting to get information from herself and her operators concerning the activities of DONALD HENRY SEGRETTE and any information pertaining to messages left at the answering service for SEGRETTE. HOLMANS states that she has instructed her employees not to divulge any of this information, owing to the fact that such disseminating of information would leave the answering service open to civil suit by SEGRETTE. HOLMANS was advised by the interviewing Agents to authenticate any subpoenas that may be served on her for the answering service records of DONALD HENRY SEGRETTE.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription **October 25, 1972**

JOHN N. LaVALLEE, Vice President, Branhaven Chrysler-Plymouth, 1036 West Main Street, advised that ALFRED C. BALDWIN, 90 Mountainview Terrace, North Haven, Connecticut, had his 1972 Plymouth, Vehicle Identification Number (VIN) RP23G2R183624, serviced at the above agency on May 25, 1972. This service included adjustments to the speedometer and air-conditioning unit which work was performed under the new car warranty, and LaVALLEE made available a Xerox copy of Warranty Repair Order Number N30769, which reflects the work performed on BALDWIN's car. LaVALLEE also made available a Xerox copy of Service Invoice Number 3159, relating to work performed on BALDWIN's car on May 25, 1972, which was charged to BALDWIN's account.

LaVALLEE advised that BALDWIN personally picked up his car at approximately 9:10 P.M. on May 25, 1972, and LaVALLEE personally turned over BALDWIN's car to him on this occasion. LaVALLEE explained that the agency closes at 9:00 P.M. on week-day nights with the exception of Friday nights when it closes at 6:00 P.M.

LaVALLEE said he recalls locking the doors of the agency at 9:00 P.M. on May 25, 1972, remembers BALDWIN running up to the front door of the agency just as LaVALLEE was leaving at 9:10 P.M., and LaVALLEE specifically recalls that it was dark at the time. LaVALLEE pointed out that BALDWIN could not have picked up his car on Friday, May 26, 1972, since the agency closes at 6:00 P.M. and LaVALLEE specifically recalls that it was dark and after 9:00 P.M. when BALDWIN picked up his car, and therefore, he was positive that the car was picked up on the evening of May 25, 1972, as explained above.

LaVALLEE said he does not have any records such as a release slip which would show the specific time that BALDWIN picked up the car and he pointed out that the Warranty Repair Order and Service Order mentioned above did not contain any notations as to the time BALDWIN picked up the car.

LaVALLEE recalled that at the time BALDWIN picked up his car, he claimed he did not have his check book with him and did not have sufficient funds to pay for the service bill. LaVALLEE said BALDWIN requested that the charges for the service to his car be charged to his account and LaVALLEE said that Service Invoice 3159 contains the encircled notation, "OK, JNL", which LaVALLEE explained was his authorization for the service charges to be billed to BALDWIN's account. LaVALLEE claimed that he made this notation at the time he released the car to BALDWIN.

LaVALLEE advised that the Service Order and the Warranty Repair Order list BALDWIN's address as Hamden, Connecticut, which is incorrect inasmuch as BALDWIN's correct address is North Haven, Connecticut, and other records of the agency in BALDWIN's file correctly list his address as North Haven, Connecticut. LaVALLEE said the Hamden, Connecticut, address was incorrectly entered in the Service Order and Warranty Repair Order by the service manager, WALDEMAR PALLEK. LaVALLEE pointed out the reverse side of the Service Order and the Warranty Repair Order contained stamped times and date that BALDWIN's car was worked on by a mechanic. He said the time and date are stamped on these forms by a time clock and that the mechanics who worked on the car inserted these forms into the time clock at the time they began to work on his car and at the time they completed the work. LaVALLEE said the stamped notations reflected that the following mechanics performed service on BALDWIN's car for the following periods of time:

NH 139-74

-3-

<u>Mechanic No.</u>	<u>Time On</u>	<u>Time Off</u>	<u>Date</u>
19	1:16 P.M.	2:07 P.M.	5/26/72
19	1:53 P.M.	2:07 P.M.	5/26/72
9	12:46 P.M.	1:14 P.M.	5/26/72

LaVALLEE explained that although the date of May 26, 1972, appears on the above forms that BALDWIN's car was actually serviced on May 25, 1972. In order to clarify this, LaVALLEE, at this point in the interview inserted a 1972 calendar card into the time clock and it stamped the time of "3:18 P.M." and the date of "10/25/72" on the card it being noted by LaVALLEE that the interview with him was being conducted on October 24, 1972.

LaVALLEE then conferred with Miss HELEN YANYIC, Office Manager at the above agency, and ascertained that the time clock at the agency has not been functioning properly since early Spring, 1972, following an electric power failure. LaVALLEE said that since early Spring, 1972, the time clock changes its date at noon on each day, instead of at midnight. He said that accordingly, the time clock notations on BALDWIN's Service Order reflect that work was performed on the afternoon of May 26, 1972, where in fact the work had actually been performed on the afternoon of May 25, 1972. LaVALLEE turned over the above 1972 Calendar which he used to show that his time clock was not functioning properly and a Xerox copy of this is attached.

A Xerox copy of the Warranty Repair Order Number N30769 and Service Order Number 3159 is attached.

LaVALLEE added that the time clock in the service garage at his agency is a Simplex Time Recorder.

He said he has never had any employment in connection with the Republican Party and has had no contact whatsoever with JAMES WALTER MC CORD, JR. He said the only information known to him relevant to the burglary of the Democratic National Convention Headquarters in Washington, D. C., was gleaned from newspaper articles.

On October 3, 1972, LAURA KILLINGS, mother of ANDREW S. KILLINGS, whose name was also contained on the CRA list, address 1212 East 1st Street, stated he presently resides at 4254 Buckman Road, #6, Alexandria, Virginia, and is presently employed as postal carrier in that city. She believes ADKINS was employed at a steel mill and has a sister, OPEL ADKINS, residing in River Rouge, address and telephone number unavailable.

According to Mrs. ADKINS, her husband retired from the United States Air Force as a Technical Sergeant in August, 1971, and formerly held military billet as a security policeman. She had no knowledge of her husband ever having been employed by anyone in connection with Republican Convention activity. The Detroit Office was requested to locate and interview WILLIAM R. ADKINS.

JK 139-4089

On October 2, 1972, JOHN MC BRIDE, #8 Michael Court, Ft. Walton Beach, a retired major of the United States Air Force, advised that none of the subjects connected with the instant investigation were familiar to him and he had never received any solicitation for employment from anyone in connection with Republican Convention or Committee activities.

MC BRIDE indicated that prior to his retirement from military service he did submit his name to some type of central employment service through the United States Air Force, however, had never received an offer for employment from this source.

Relevant to ANDREW JACKSON KESTERSON whose name was also included on the CRA list, Sheriff ALBERT JACKSON, Henderson County Sheriff's Office, Hendersonville, North Carolina, advised the Charlotte Office KESTERSON had received a pistol permit on August 16, 1972, for a Smith and Wesson .32 revolver and listed his address as Route 1, Box 477A, Dana Road, Hendersonville.

On October 4, 1972, ANDREW J. KESTERSON was interviewed at that location and stated he retired in April, 1971, after twenty years service in the United States Army. He advised he has never worked for the Republican Party nor volunteered to work for them. Further, that none of the subjects involved in this case were known to him and he had never received any employment as a result of his name being contained on the above list and had never had any contact whatsoever with JAMES WALTER MC CORD.

JK 139-4089

On October 5, 1972, Mr. MAPES was interviewed at the Skyline Motor Lot, Tennessee Street, Tallahassee, Florida, and advised he was formerly a Communications Technician in the military service. Further, at the time of his discharge in July, 1971, he filled out an information card for a computer at Dayton, Ohio. He stated he has received no referral from this computer and has no knowledge of or connection with JAMES MC CORD, JR. or any of the other individuals involved in the break-in of the Democratic Party Headquarters. He said his only acquaintance with these names had been read in the newspaper.

It is noted the name of ULYSSES UPTON was listed with the CRA as residing at 217 North View Drive, Universal City, Florida. This city is not listed on Florida maps or in the United States Postal Guide. The postal guide does list a Universal City as a branch of North Hollywood, California.

Captain JOSEPH R. JEFFREY, District of Columbia Fire Department, 614 H Street, N.W., was shown a white plastic box with a metal back. On the face it is described as being a "Smoke Detector". On the bottom it bears a seal, held on by glue stating "D.C. Approval 30, Code Number 312". Captain JEFFREY advised that smoke detectors or heat detectors in the District of Columbia are not required to have such a seal.

He stated that such a seal is placed on special fire alarm equipment by the Ellenco Company of Brentwood, Maryland. He stated that that firm is assigned Number 30.

ROBERT E. HARDING, Vice President, Ellenco Company, 41st and Webster Streets, Brentwood, Maryland, was shown what is described as a smoke detector. This particular device carries a seal which reads D.C. Approval Number 30, Code Number 312.

HARDING said that this particular seal has not been used by his Company for about six years. He stated that the seal on the smoke detector is identical to seals placed on Manual Code fire alarm stations which are found in most buildings. He stated that the Approval Number 30 is the number assigned to this Company.

HARDING described the numbers 312 and their significance as follows:

The number 3, or the first digit, would mean a designated place or floor in a building. 3 or below would mean ground level or below. The second number, 1, means that this is the first level below the ground. The third number, 2, means that this is a particular area of the floor wherein this device was mounted. He went on to say that the seals are held or fastened on to the alarm boxes by screws.

HARDING checked his records with negative results regarding the names JAMES WALTER MC CORD, JR., Mc Cord Associates, First National Bank Building, Watergate Apartments and Office Complex and 1700 Pennsylvania Avenue, N.W., Washington, D.C.

HARDING said heat or smoke detectors are not required to have such seals.

Mr. HARDING replied that his records show four such devices were shipped to that location in August, 1962. That two of the devices had serial number 312; one had number 311 and one had number 314. He stated that he did not authorize anyone to remove the seal which reflects number 312 and to do so without authority is a violation of the District of Columbia laws.

W. RICHARD HOWARD, Staff Assistant, White House, was interviewed in the Office of JOHN W. DEAN, Counsel to the President.

HOWARD was shown a memorandum dated April 1, 1972, regarding the removing of EVERETTE HOWARD HUNT, Jr. from the Consultant Job and recommending that he be picked up at 1701 Pennsylvania Avenue, N.W.

HOWARD stated he had learned from CHARLES COLSON that HUNT was no longer needed and that HUNT was not being used by him, COLSON, since he was last working for the Domestic Council.

HOWARD said he forwarded this memo to BRUCE KEHRLI since HUNT could not be hired with the White House Staff since he was on annuity from another Government Agency. Since he was having this problem, it was recommended that HUNT be picked up at 1701 Pennsylvania Avenue, N.W. He stated the memo came back to him with KEHRLI's initials approving the pick up at 1701. He stated he did not know first hand or otherwise if HUNT ever did go to work for 1701 Pennsylvania Avenue.

HOWARD denied any knowledge of the Watergate Burglary and denied ever receiving any information from JAMES WALTER MC CORD, Jr., GEORGE GORDON LIDDY or EVERETTE HOWARD HUNT, Jr. regarding any confidential matters from the Democratic National Committee.

DC
~~WILLIAM RHATICAN~~, Staff Assistant, White House was contacted and interviewed in the office of JOHN DEAN, Counsel to the President, at the Executive Office Building regarding his association with EVERETTE HOWARD HUNT, JR. RHATICAN furnished the following information:

RHATICAN advised that he is the White House liaison with the Advertising Counsel of New York which does such advertising as Hire the Handicap and National Football League Drug commercials, etc. Sometime in October, around the 28th, 1971, HUNT, while as a Consultant with the Office of Education and employed by Robert Mullen Company, was working on a film called, "Closer Look." RHATICAN received a copy of a letter by HUNT to the Advertising Counsel wherein he requested Bulletin Status, that is, a magazine type of advertising which comes out every month. HUNT had asked for Bulletin status on the Closer Look Campaign and the letter was written on Mullen Company stationery. A reply from the Counsel was received sometime later, turning down the request because it came too late.

The next contact he had with HUNT was in the form of a letter dated November 12, 1971, wherein HUNT sent a photograph of JULIE EISENHOWER with handicap children. He, HUNT, suggested in his letter that JULIE do the Closer Look spot with the Handicap children. RHATICAN felt it was a good idea to get JULIE involved, however, he could not do it himself so he referred the matter or suggestion to CONNIE STUART, her assistant, and requested that she bring it before JULIE. At that time, the idea never came across.

Later, on March 28, 1972, RHATICAN received another letter from HUNT who was still trying to get JULIE to do the film. He was working on the script at Robert Mullen Company. HUNT suggested that he be permitted to have JULIE for four hours to do the commercials.

According to RHATICAN's file, he replied to HUNT by letter on March 31, 1972, telling HUNT that JULIE would be available on ~~APRIL~~ 25, 1972, to do the film, but for only 90 minutes.

By letter dated April 10, 1972, HUNT wrote to ALLEN HALL, and forwarded the script over to the White House for their approval.

By letter dated April 14, 1972, RHATICAN replied that the commitment was for April 25, 1972, and that JULIE would do the film.

RHATICAN said that the first meeting with HUNT on the matter was on April 24, 1972, when JULIE, HUNT, RHATICAN and TOM RASH of Logos Studios met and discussed the script. JULIE gave her approval after reviewing the script.

On April 25, 1972, the film was completed at Logos Studios Arlington, Virginia.

According to RHATICAN, the next entry in his file reflects that May 23, 1972, the film was reviewed and it was described as good.

On June 28, 1972, the Advertising Council accepted the film spots.

RHATICAN advised that since the completion of the film, he has had no other contact with HUNT.

He stated that for background purposes, HUNT came to the White House or the Executive Office Building on two occasions in October and November of 1971. He stated there were two other contacts with HUNT, in person, at the Executive Office Building after March, 1972. One of these meetings possibly took place at Robert Mullen Company. He stated that at no time did he solicit HUNT to do any work at the White House and that HUNT never told him about any other assignment he was performing or had performed. He stated he never knew HUNT to be involved in any other assignment.

RHATICAN advised that the names of JAMES WALTER McCORD, JR., and GEORGE GORDON LIDDY were not familiar to him, prior to June of 1972. He stated they are known to him now because of the newspaper accounts of their involvement in the Watergate Burglary.

RHATICAN advised that as far as he was concerned, HUNT was not employed by the White House in any capacity while he was involved in the filming of Closer Look, and HUNT never told him that he was a Consultant to the White House. He stated he never saw a claim for any expenses from HUNT and held fast to his belief that HUNT was a consultant for the Office of Education.

Advertising Council
25 West 45th Street
New York, New York

Dear Mr. Kinney:

RE: The CLOSER LOOK Campaign

Having just heard from Joel Weiss that the Advertising Council had refused us the renewed campaign listing requested last summer - and which until now had been anticipated, (see attachments), I conferred with Bill Rhatican who professed himself as baffled as I over the Council's refusal. Worse, in anticipation of Bulletin listing, collateral TV kit material had been printed at government expense, and is now unusable since it cited Advertising Council listing.

It may be, of course, that listing for CLOSER LOOK was not included in the November-December Bulletin through inadvertence. Otherwise it is difficult to understand how Help for East Pakistani Refugees can compare on the nation's priority list with the education of America's handicapped children, which is what CLOSER LOOK is all about.

For your information, the Bureau of Education for the Handicapped has in final production a number of other television campaign spots. The material printed for inclusion in these mailing kits cites the old March-April Bulletin listing inasmuch as the television spots were not ready for release during that time period.

While it is probably now too late to ameliorate the present unfortunate situation, I trust the Advertising Council will not withhold use of its lists for subsequent CLOSER LOOK television and radio mailings, so much production money having been expended in good faith.

Messers. C.W. Cook and Peter Allport are both clients of this firm, and we have been engaged the better part of the current month in representing the Advertising Industry during the current investigatory hearings before the Federal Trade Commission. It would be paradoxical indeed were the many thousands of words said concerning the Industry's enlightened view of its public and social responsibilities to prove hollow in the face of this one small, humanitarian test.

MEMORANDUM

TO: William Rhatican
FROM: Howard Hunt *[initials]*
SUBJECT: Julie Nixon Eisenhower

While in Northampton yesterday I was reminded that Julie Eisenhower is involved in graduate studies concerning one or more aspects of child psychology or Special Education ---that general field.

It occurred to me that there might be political benefits accruing from her appearance in a CLOSER LOOK television spot early in 1972. Commissioner Marland has made full educational opportunity for all children one of OE's major priorities, and this thrust is a worthwhile identification for the Administration. Accordingly, we could have OE finance a sympathetic TV spot utilizing Julie, and getting across the message that this Administration not only cares about our young handicapped citizens, but is doing something for them.

Properly produced, and distributed under Ad Council listing, the spot should get several million dollars worth of public service air time with all the related benefits.

from charity to rights. Historically, state and local governments have treated the education of handicapped children as a charitable contribution of government. However, charity does not require responsibility, and so it made little difference whether some children were excluded or whether those who were served re-

receiving the education is a legal right of all children no matter how handicapped they may be and that the denial of such a right is a violation of the constitutional requirements of equal protection.

The research reported herein was performed in part pursuant to Grant No. 18-2013-9, US Office of Education, Bureau of Education for the Handicapped, Washington, D. C.

USOE Sets 1980 Goal

Sidney P. Marland, Jr., U.S. Commissioner of Education, has urged the adoption of a national goal to provide full educational opportunity for every handicapped child in the Nation by 1980.

"The right of a handicapped child to the special education he needs is as basic to him as is the right of any other young citizen to an appropriate education in the public schools," Dr. Marland said. "It is unjust for our society to provide handicapped children with anything less than the full and equal educational opportunity they need to reach their maximum potential and attain rewarding, satisfying lives."

Dr. Marland designated education of the handicapped as one of the five major priorities of the Office of Education for fiscal 1972. Dr. Terrel H. Bell, Deputy Commissioner for School Systems, and Dr. Edwin W. Martin, Associate Commissioner for Education of the Handicapped, are responsible for planning toward the 1980 goal.

There are an estimated six million school-age and one million pre-school age children who are handicapped. Only 40 percent of these children receive any special education at all. As many as half of them, the Bureau of Education for the Handicapped estimates, could develop in regular educational classrooms if they had the

support of part-time special education services.

Dr. Marland has already established target objectives for the education of the handicapped in fiscal 1972. They are:

-To provide appropriate special educational programs to an additional 250,000 school-age children, raising the total number to nearly three million.

-To provide 250,000 teen-age handicapped students already receiving special education with appropriate career education programs, including placement and employment services.

-To produce in 1972 through Office of Education-supported college and university training programs the 17,000 trained teachers, teacher trainers and leadership personnel needed to support the additional special education programs.

Along with the education of the handicapped, Dr. Marland has given Office of Education priority to the following areas for fiscal 1972:

-Career education for all who can benefit.

-Quality education and equality of educational opportunity for disadvantaged children.

-Elimination of racial and cultural isolation.

-Innovation and renewal wherever they can strengthen education.

MEMO

TO: Bill Rhatican
FROM: Howard Hunt *dh*
SUBJECT: Julie Eisenhower TV Film for CLOSER LOOK

There seems to have been a misconception concerning the amount of time required properly to film Mrs. Eisenhower at the Logos studios in Arlington and on location--here or in the Miami area. The two-hour period allocated by scheduling officials first for the 29th and then the 31st is simply not long enough to assure a first-rate public service film.

The script proposed showed Mrs. Eisenhower in an attractive, modern classroom, with attractive handicapped children; however, location scenes take variable amounts of time, particularly when children are involved. Now, because I gather that Mrs. Eisenhower will not be able to allot one day to the film project, I am reluctantly eliminating the scenes showing her actually with children, and instead we will film her at Logos against a limbo background. This will permit later rear projection of classroom, clinic and playground scenes, though the finished film will project less warmth.

At this juncture, what I am asking for is a firm shooting date the week of April 10th when, I understand, Mrs. Eisenhower will again be in the Washington area. Four hours time at Logos studios would be the minimum.

Subsequently, if Mrs. Eisenhower agrees, we would be able to photograph her with children at Miami's Mailman Center for Child Development, probably the most modern facility of its kind in the country. Done without sound, this segment could be accomplished in two hours' shooting time.

Finally, our experience with seven previous CLOSER LOOK television films indicates that we can guarantee her nationwide exposure in the area of a billion home impressions. In this election year that exposure, with its sublimnal benefits to the Administration, ought not be minimized, particularly when TV reaches across all audience classes in a way magazines and newspapers cannot.

Please use your good offices to energize this project once again.

CLOSER LOOK

Assuming April 25th is now firm for filming at Logos, I am also assuming that the allotted 90 minutes can be devoted exclusively to filming.

This assumes that make-up, hair-dressing, costuming, etc. will be taken care of before Mrs. Eisenhower arrives at Logos studios in Arlington for filming.

Two questions remain:

1. Which 90 minutes on the 25th can we schedule with Logos?
2. When on the 24th can the director, Tom Rash, or myself, familiarize Mrs. Eisenhower with the script?

SUBJECT: Julie Eisenhower PSA Film for "CLOSER LOOK"

At Mark Goode's suggestion I'm enclosing the script for the TV spot Mrs. Eisenhower has agreed to film on April 25th at Logos studios in Arlington.

Meeting today with Mark Goode and Tom Rash (who will direct), we agreed that if we were to adhere to the 90-minute time allotment for filming Mrs. Eisenhower, it is essential that she become familiar with the text prior to arrival - and hopefully on the day or evening before filming.

At that time we would like Tom Rash to go over the material with her, and as writer/producer I'd like to be on hand to make any last minute changes, discuss make-up schedule, costume, etc. with Mrs. Eisenhower.

CAREER BRIEF

of

LT COLONEL JAMES W. McCORD JR.

453-22-4741

1. Lt Colonel James McCord was born on 26 January 1924 at Waurika, Oklahoma. He was graduated from the University of Texas with a Bachelors Degree in Business Administration in 1949, and in 1951 had 15 semester hours at Lincoln Law School, Oakland, California.

2. He was enlisted in the Air Force from 23 November 1943 to 24 July 1945 at which time he was discharged to accept a commission as a 2d Lt with a bombardier rating, and was on extended active duty until 14 November 1945. From 15 November 1945 to 30 June 1963 he was on reserve status as an intelligence officer and had 139 days active duty. He was inactive from 1 July 1963 to 30 June 1964. He was then assigned to duty as an intelligence officer with AFESS-FE at Headquarters USAF. During this period, the servicing CBPO was located at Bolling AFB. On 15 June 1970 he was reassigned to duty as Commander, Detachment 23, 1st Censorship Squadron, Arlington, Virginia. This Detachment was under command control of the 1st Censorship Squadron, Ft Totten, New York. The CBPO for the Detachment was at ARPC until 1 May 1972 at which time the responsibility was transferred to the 459th Military Airlift Wing, Andrews AFB.

3. Colonel McCord has 17 years, 8 months, and 8 days good reserve time toward retirement. We do not yet have the AF Form 190 for the period from 1 July 1971 to 30 June 1972. There is a report of active duty for training from 17 July 1971 through 31 July 1971.

4. His record shows evidence of a background investigation completed in November 1951 and filed at Hqs OSI (IG), Washington, D. C. The current Ready Reserve Agreement (DD Form 1644) obligates him to reserve service until 18 September 1972.

5. The officer effectiveness reports and the training reports since 18 February 1967 have been quite complimentary. Many of them are based on intelligence schools including the Defense Intelligence School, U. S. Naval Station, Anacostia, Washington, D. C., and the John F. Kennedy Center for Special Warfare at Ft Bragg, N. C.
